First US GTM hire; funded by this round	Planned. No completed hire or funding receipt is claimed by this evidence summary.
NVIDIA GPU environment, joint evaluation and reference integration	<u>Collaboration request</u> . Requested future work; not evidence of a confirmed NVIDIA commitment.

Commercial model and moat

Project fees, subscriptions/seats and application license/usage describe the business model. Claims about reuse economics, accumulated assets, customer trust or a widening moat are company strategy assertions; measured reuse and margin records are not attached.
