

Hyundai Glovis engagement

B3 · Slide 3 · Redacted company-prepared invoice summary

Supplier / recipient	Omelet Inc. / Hyundai Glovis Co., Ltd.
Project	Vessel Stowage Optimization Research Contract
Invoice date	18 May 2026
Reported milestone	Advance installment, 60% of contract value
Reported status	Electronic tax invoice issued and billed through Korea NTS Hometax.

Evidence available

The supplied document describes an electronic tax invoice for a paid research engagement. Amounts, business registration numbers, personal contacts and the verification code are redacted.

[Open supplied redacted summary \(PDF\)](#)

Supported scope: company-reported invoicing for the named stowage project. The supplied PDF is a typed invoice summary; the original invoice is not attached. Invoice issuance does not, by itself, prove receipt of payment or live product use. **Paid production status: not yet verified.**

Evidence needed for the full pitch claim

A redacted original invoice or signed contract/PO and customer-originated deployment/acceptance confirmation. Keep invoiced, paid and deployed milestones distinct.
